ENTRANCE/CULVERT APPLICATION

105 W Rutledge Yates Center, KS 66783 PH: 620-625-8605 Ext. 5 Email: roadnbridge@woodsoncounty.net

Application

(To be completed by applicant)

Applicant Name: _____ Property Owner Yes or No Date: _____

Address: _____

Phone: _____ Email Address: _____

Address of Proposed Entrance: _____

Description of Entrance Location: _____

_____ Is Entrance Location Flagged: Yes or No

Check One: New Construction: ___ Extra Entrance: ___ Field Entrance: ___ Repair Existing Entrance: ___

Standard Culvert Entrance is a 30 foot 16 inch Diameter Corrugated Metal Pipe and 1 load of Gravel.

If applicant is requesting a larger/longer or different style of pipe please indicate the reason and the pipe specifications of the pipe requested: _____

As the property owner of the property to be accessed by the entrance, I have read Resolution No. 26-09 and understand and approve of all requirements.

The Woodson County Road & Bridge Department will contact the applicant within 1 week of receiving application to notify the applicant of the estimated cost of the Entrance/Culvert. If applicant wishes to proceed with installation of the Entrance/Culvert they will pay the estimated cost to Woodson County and receive a receipt. Applicant will sign off on the Cost portion of this application at that time. If the cost exceeds the estimate given the applicant will receive an invoice for the additional cost and will have 30 days to pay the additional amount. If the invoice remains unpaid the amount will be added to the property taxes of the property for the next billed tax year. Woodson County reserves the right to install a larger than standard culvert if the situation warrants at the property owner's expense. Woodson County will contact the property owner prior to installing anything other than the standard culvert if the property owner did not request a different culvert.

Property Owner Signature: _____ Date: _____
