

RESOLUTION NO. 09-05

A RESOLUTION REGARDING PROTECTION OF IMPORTANT LAND RESOURCES AND MITIGATION MEASURES FOR WOODSON COUNTY, KANSAS.

BE IT ORDAINED BY THE COUNTY COMMISSIONERS OF WOODSON COUNTY, KANSAS:

SECTION ONE. The Applicant is required to obtain a National Pollutant Discharge Elimination System (NPDES) permit for stormwater runoff resulting from construction activities from the Kansas Department of Health and Environment.

Upon completion of the project, disturbed areas, including equipment staging areas, shall be stabilized with approved vegetation or other appropriate non-polluting material.

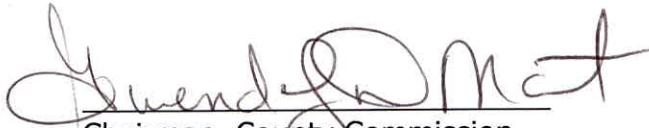

The State Historic Preservation Officer and the appropriate Indian Tribes will be contacted immediately and construction halted if any buried archaeological materials are encountered.

Comply will all applicable local zoning requirements and obtain required building permits.

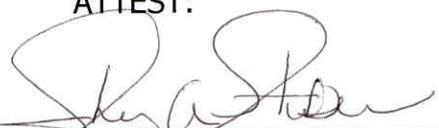

To determine if asbestos-containing materials (ACM) are present in the existing building, an inspection for ACM by a trained and accredited asbestos inspector is required. The removal and disposal of any ACM will be accomplished by a Kansas licensed abatement contractor.

SECTION TWO. This resolution shall be binding upon Woodson County, Kansas, its representatives, successors and assigns, and shall not be altered, amended, repealed or modified without first obtaining the written consent of the USDA Rural Development, an agency of the United States Government, or its representatives, successors or assigns.

PASSED AND APPROVED by the County Commissioners of Woodson County, Kansas, this 24 day of April, 2009.

Chairman, County Commission
Woodson County, Kansas

ATTEST:

County Clerk
Woodson County, Kansas
